THE ROYAL ECONOMIC SOCIETY

THE ROYAL ECONOMIC SOCIETY (incorporated by Royal Charter, 1902) was founded, under the name of the BRITISH ECONOMIC ASSOCIATION, at a meeting held at University College London, on 20 November 1890, the Right Hon. G. J. Goschen, M.P. (the late Viscount Goschen), in the Chair.

The Society has for its object the general advancement of economic knowledge. Its principal activities are:

(*a*) The production of the ECONOMIC JOURNAL, which is sent quarterly to all members. The JOURNAL is intended to represent the various shades of economic opinion, and to be the organ, not of one school of economists, but of all. It numbers among its contributors the leading economists of all countries. The JOURNAL was from 1891–1974 inclusive published on behalf of the Society by Messrs. Macmillan and Co. Ltd, London. Since 1975 it has been published by the Cambridge University Press, London.

(*b*) Other publications, which are normally offered for sale to members for their personal use at concessionary rates. These include, for instance, the series of *Collected Writings of John Maynard Keynes*, now being published: volumes of the writings of William Stanley Jevons, including some not previously published: and Piero Sraffa's edition of *Works and Correspondence of David Ricardo*.

(*c*) The arrangement of specialist conferences, including financial assistance for invited contributors and occasionally for others in attendance.

(*d*) The provision of an Information Service about conferences, research theses completed (in the British universities), economists visiting the United Kingdom, facilities for study abroad, and scholarships, studentships and fellowships.

Applications for membership of the Society should be made as indicated on the inside front cover of each issue of the JOURNAL. Instructions concerning material for the ECONOMIC JOURNAL are given on the inside back cover of each issue. Enquiries for the Information Service should be sent to Mrs M. Henderson, 48 Kidderminster Road, West Hagley, Stourbridge, Worcestershire, DY9 0QD. Other enquiries should be sent to the Secretary-General, Professor Z. A. Silberston, Imperial College of Science and Technology, London, SW7 2AZ.
